

Datasheet DELTAPURE® Tacky Mat 40

30-Layer Tacky Mat

Product Informations

Applications

DELTAPURE® Tacky Mats are self-adhesive floor mats remove contaminates from shoe soles and wheels. Each sticky sheet is made of tough polyethylene film and a non-skid adhesive with number tabs so you know exactly how many sheets you have left before it's time to refill. When the surface gets soiled and dirty, simply peel off the top layer to reveal a clean sheet. Sticky Mats are fast, effective and easy to use.

Designed for cleanroom entrances and general applications. Widely used in industries including microelectronics, semiconductor, biotechnology, pharmaceutical, medical and construction.

Benefits

- Strong, non-toxic adhesive coating
- Uniform adhesive for each disposable sheet
- Numbered corner pull-tabs indicating number of remaining sheets
- Aids in the visual observation of tracked contamination
- Economical and easy to use
