SANITARY BASIC CLEANERS

RAPIDO

Art. No. 601.082 10 L canister
Art. No. 601.083 6 x 1 L bottle unit

- radical cleaner on a hydrochloric acid base
- immediate effect and results
- efficiently removes all neglected scales, urine scales, lime, corrosion and cement stains
- protects from corrosions through inhibitor

APPLICATION RANGE: Recommended for use on all acid resistant surfaces and materials typical for in- and outdoor pools and other wet room areas. For fast removal of neglected soilages and scales - such as strong lime scales and urine scales. Rapido may be used also for the daily cleaning of such areas in hard water regions! **Not** for use on acid sensitive surfaces.

INSTRUCTIONS FOR USE AND DOSAGE: Prewater surface well prior to cleaning.

Basic cleaning: Use product in concentrate or dilution of 1:10 (800 ml/8 L water) over surface. Depending on degree of soiling allow this dilution to penetrate at least for several minutes. Repeat this action if required - for good results.

Intermediary cleaning: Use 1:50-1:100 diluted (160-320 ml/8 L water). After cleaning remove remains of product and soiling by using plenty of fresh cold water. This avoids damage of surface by acid agents.

Conduct a material compatibility test on a small area before starting. Always follow the cleaning and maintenance instructions of suppliers of sanitary installations. If improperly applied - and for claims resulting from such improper handling - there will be no legal claims accepted.

TECHNICAL DATA:

Form: clear, red liquid
Odour: scented
Viscosity: low
Density: 1060 g/L
pH-value in delivery state: 1

INGREDIENTS:

Below 5 %: non-ionic surfactants
Contains: perfumes
Giscode: GS 80
Stability: at least one year in original containers
The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

LABELLING:

Danger

Contains Hydrochloric acid.

Hazard statements: H314: Causes severe skin burns and eye damage.
H335: May cause respiratory irritation.

Precautionary statements: P102: Keep out of reach of children. P261: Avoid breathing vapours. P280: Wear protective gloves/eye protection. P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P303+361+353: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with. P301+330+331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P312: Call a POISON CENTER or doctor if you feel unwell.

TRANSPORT: UN number: 1789 / Shipping name: HYDROCHLORIC ACID / Transport class: 8 / Packing group: II / ADR.
