

PurMop® SET2100

Stainless Steel Telescopic Handle | Long

ISO	3	4	5	6	7	8
GMP		A/B		C	D	

Product description

PurMop® SET2100 is the longest stainless steel telescopic handle in our product range. With a total length of 205 cm it is ideally suited for cleaning of walls and ceilings but also for the daily floor cleaning. The longterm autoclavable and disinfectant resistant handle has a handle grip at the end which ensures optimal user-friendliness and safe handling during cleaning. Thanks to its clip system a quick and tool-free attachment of all available PurMop® mop frames is possible.

- _ Polished stainless steel, durable
- _ Ideal for wall and ceiling cleaning
- _ Autoclavable, suitable for sterile cleanrooms
- _ Handle grip for ergonomic cleaning
- _ Quick-change clip system
