

## PurMop® SAK170

Plastic / Aluminium Telescopic Handle | Medium Length

ISO	3	4	5	6	7	8
GMP			A/B		C	D

### Product description

PurMop® SAK170 is an ergonomic and innovative telescopic handle made of a combination of aluminium and plastic. The lightweight handle provides a continuous adjustment by pushing a button at the handle grip. The excellent ergonomic handle makes it easy to clean walls and ceilings. With a length adjustment between 124 cm and 177 cm the SAK170 is suitable for nearly all cleaning tasks and can be easily connected to the plastic mop frame PurMop® KKV40.

- \_ Lightweight design with aluminium and plastic
- \_ Ideal for cleaning walls and ceilings
- \_ Easy length adjustment at the push of a button
- \_ Handle grip for ergonomic cleaning
- \_ Quick-change clip system
