

PRODUCT CHANGE NOTIFICATION

Subject: MDR Registered gloves – UDI marking printed on inner packaging

Reference: PCN/003-2026/SL

Date: 28th January 2026

Dear Valued Business Partner,

Further to our information notice dated 17th September 2025 regarding the implementation of Unique Device Identification (UDI) on the inner packaging of our MDR-certified products, we are pleased to confirm that the final phase is now completed. This enhancement reinforces our ongoing commitment to providing safer, fully compliant, and reliable products that support your quality and regulatory requirements.

Summary of changes

- UDI information is now printed on the inner packaging
- All affected products are now registered in EUDAMED: <https://ec.europa.eu/tools/eudamed>
- The UDI includes DI/GTIN, LOT number, expiry date, and product code
- This final phase ensures full alignment and consistency across all packaging levels, in accordance with Regulation (EU) 2017/745 (MDR)

Products concerned

Product name	Product code
SHIELDskin™ ORANGE NITRILE™ 260	67 623X

duoSHIELD™ PFT Nitrile 240	65 812X
duoSHIELD™ PFT Nitrile 290	65 814X
SMARTLine™ Blue Nitrile 240	10 62X
SMARTLine™ NEO NITRILE™ 290	10 83X
ecoSHIELD™ Eco Latex PF 250	62 313X
ecoSHIELD™ Eco Nitrile PF 250	62 512X

Implementation timeline

These changes apply to products manufactured from April 2026, starting with LOT numbers commencing 26D or higher. We will supply products with the updated packaging once existing stock has been depleted.

Thank you for communicating this information within your organization and your continued trust and partnership. If you require further information, please contact your SHIELD Scientific representative or our sales support team.

Yours sincerely,
